The following item was called up for consideration:

The Chief Executive Officer's recommendation to authorize the Chief Probation Officer to submit a grant application to the Governor's Office of Emergency Services (OES) for the Six Site Comprehensive Anti-Gang Initiative in amount of \$205,000, to significantly reduce gang crimes in the Southeast area of the County and to create an effective partnership among criminal justice agencies and the community to combat gang crime, effective the date following Board approval through September 30, 2009; approve and instruct the Chairman to sign the Certification of Assurance of Compliance form, as required by OES to complete the application; and authorize the Chief Probation Officer to accept and execute the Grant Award Agreement (GAA) upon award of grant funding by OES, to serve as project director, and to execute and approve revisions to the GAA that do not require any Net County Cost.

Robert B. Taylor, Chief Probation Officer, responded to questions posed by the Board.

After discussion, Supervisor Antonovich made the following statement:

"The past several years have presented the Probation Department with unique challenges on several different fronts. Many of these challenges were stimulated by audits conducted by Thompson, Cobb, Bazilio & Associates, PC (TCBA) and the Child Welfare League of America (CWLA), as well as an investigation by the Department of Justice, which resulted in a Memorandum of Agreement between the Justice Department and the County. It needs to be said that the Department has undergone remarkable changes which include embarking upon the implementation of the Title IV-E Wavier and shifting strategies to align with Evidence-Based Practices (EBP) and camp redesign. All of these efforts are aimed to significantly improve the Department's performance on multiple fronts.

“In response to the challenges and achievements of the Department, the Board has invested a significant amount of resources and expects positive outcomes for the youth in the juvenile justice system. The Department’s improvement efforts and application of these resources should be driven by outcomes that are clearly identified and supported by strategies aligned with EBP and measured in a consistent and ongoing manner.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Molina, unanimously carried, the Board took the following actions:

1. Adopted the Chief Executive Officer’s attached recommendation; and
2. Directed the Chief Executive Officer to work with the Chief Probation Officer to:
 - Clearly identify key outcomes for the youth in the juvenile justice system, the supporting strategies with a timeline, based on Evidence-Based Practices, and the performance measures for each outcome;
 - Clearly define the roles of all parties in outcomes which involve other Departments/Agencies to eliminate any confusion, duplication and promote efficiency and accountability; and
 - Report back to the Board within 30 days, with semiannual progress reports thereafter.
